

“Bistro Catering catered a very large conference for the York Area Association for the Education of Young Children where I am the Co-Chair of the Conference Committee. There were 300 people in attendance and the Bistro did a great job helping everything run smoothly. They were very organized and helpful. The food was delicious. I would definitely recommend Bistro Catering’s services and we are actually using them again for this year’s conference.”

*-Shanda Opsitos, York Area Association for the Education of Young Children*

“Bistro Catering has catered for me and Liberty Mutual, the company that I work for. We have gotten breakfast delivered to us for business meetings and they had it set up early and the coffee and danishes were great. At a personal event I had, Bistro Catering took care of everything and I had to partake in little effort. They delivered gigantic proportions and we even had left-over’s. We really enjoyed their Penne with vodka sauce dish and their chicken parmesan dish.”

*-David Komar, Liberty Mutual Group*

“Bistro Catering has catered different have board meetings and committee meetings in our office at the Red Cross. Their services were great and they were friendly and helpful. They were right on time or even early and would set up everything. Their food is delicious, especially their canolis. The chicken salad is very good as well. I would recommend them to my family, friends, and different agencies that are looking for a caterer for their special events.”

*-Megan Eline, Administrative Assistant for the American Red Cross*

“I work at Metro Bank and Bistro Catering has catered several functions for us. We gave them a of Lau theme for one of our events and they tailored and designed a menu within our budget. It was incredible and fit exactly what we were looking for. The food was amazing and the employees loved it. Their delivery and presentation is extraordinary.”

*-Anthony Introna, Manager, Metro Bank*

“I’ve been working with Bistro Catering for the last 2 years and they have been unbelievably easy to deal with. I have a big hockey camp and I have kids coming from Europe, Canada and the US. Food differs from culture to culture and a big part of each culture is nutrition. Deb, Dave, and the staff accommodate those needs. The menu that they offer is very nutritional and the kids like it at the same time. They are so friendly and that is important because the camp has kids from 6 to 17 years old. We have around 160 kids and from breakfast to lunch and dinner, they have provided so many meals for us. The food is always good and hot and everything is always clean. They are a big part of my hockey camp. Parents not only want a quality hockey camp,! but a great meal and Bistro provides that. We have a great relationship with them-quality food, quality people.”

*-Bob Hartley, Owner of Hartley Hockey Camp*
